

Over the past year, the Boxford Village Hall Management Committee has seen a number of changes. We'd like to thank those committee members who stepped down during the year — their time and contributions have been greatly appreciated. At the same time, we're pleased to welcome new members to the team, bringing fresh energy, ideas, and enthusiasm.

Much of our focus this year has been on ensuring the hall continues to be a vibrant, welcoming space at the heart of our community. We want it to serve everyone well — now and into the future and have been running volunteer mornings to help with general maintenance tasks. While uptake has been limited, we're grateful to those who have lent a hand — every bit of support helps us keep the hall running efficiently and our hiring costs low.

Looking ahead, 2026 will mark 100 years of Boxford Village Hall, and plans are already taking shape for a series of centenary celebrations. We'll be calling on the community to get involved and help make these events truly special.

As ever, thank you for your continued support of the hall and all it brings to village life.
